**APPLICATION OF SOUTHWESTERN BELL TELEPHONE COMPANY FOR PRICE  
DEREGULATION OF RESIDENTIAL AND BUSINESS TELECOMMUNICATIONS  
SERVICES IN THE CHENEY, COFFEYVILLE, GARDEN PLAIN, MCPHERSON,  
PLAINVILLE, CHERRYVALE AND HALSTEAD, KANSAS EXCHANGES  
AND REQUEST FOR PROTECTIVE ORDER**

COMES NOW Southwestern Bell Telephone Company ("SWBT") d/b/a AT&T  
Kansas, pursuant to K.S.A. 2007 Supp. 66-2005(q)(1)(C) and (D), and hereby submits  
its Application for price deregulation of residential and business telecommunications  
services in the Cheney, Coffeyville, Garden Plain, McPherson, Plainville, Cherryvale  
and Halstead, Kansas exchanges. In support of its Application, SWBT shows the  
Commission as follows:

1. SWBT is an incumbent local exchange carrier authorized by the  
Commission to do business and to engage in the provisioning of telecommunications  
and other switched access local exchange services to the public in the state of Kansas  
and, specifically, the Cheney, Coffeyville, Garden Plain, McPherson, Plainville,  
Cherryvale and Halstead, Kansas exchanges.

2. Pursuant to K.S.A. 2007 Supp. 66-2005(q)(1)(C) and (D), in any Kansas  
exchange in which there are fewer than 75,000 local exchange access lines served by

all providers, the Commission shall price deregulate all business and residential telecommunication services upon a demonstration by SWBT that there are two or more nonaffiliated telecommunications carriers or other entities, that are nonaffiliated with SWBT, providing local telecommunications service to business and residential customers, regardless of whether the entity provides local service in conjunction with other services in that exchange area. One of such nonaffiliated carriers or entities shall be required to be a facilities-based carrier or entity and not more than one of such nonaffiliated carriers or entities shall be a provider of commercial mobile radio services ("CMRS") in that exchange.<sup>1</sup> K.S.A. 2007 Supp. 66-2005(q)(1)(C), (D).

### **Request for Price Deregulation**

3. SWBT's Cheney, Coffeyville, Garden Plain, McPherson, Plainville, Cherryvale and Halstead, Kansas exchanges each have fewer than 75,000 local exchange access lines respectively.<sup>2</sup>

4. SWBT's Cheney, Coffeyville, Garden Plain, McPherson, Plainville, Cherryvale and Halstead, Kansas exchanges each, respectively, have two or more nonaffiliated telecommunications carriers or other entities that are nonaffiliated with SWBT, providing local telecommunications service to business and residential customers in the exchanges. In each exchange, at least one of the nonaffiliated carriers

servicing business and residence customers is a facilities-based carrier or entity that is not a CMRS provider.<sup>3</sup>

5. Sufficient evidence exists, as presented through SWBT's Application and attachments, affirmatively demonstrating and satisfying the statutory competition standards for price deregulation of both business and residential telecommunications services in the Cheney, Coffeyville, Garden Plain, McPherson, Plainville, Cherryvale and Halstead, Kansas exchanges. SWBT believes the Commission properly can and should determine that all business and residential telecommunication services in the Cheney, Coffeyville, Garden Plain, McPherson, Plainville, Cherryvale and Halstead, Kansas exchanges are price deregulated.<sup>4</sup>

6. Pursuant to K.S.A. 2007 Supp. 66-2005(q)(4), the Commission shall act upon a petition for price deregulation filed pursuant to K.S.A. 2007 Supp. 66-2005(q)(1)(C) and (D) within 21 days of filing, subject to an extension period of an additional 30 days upon a good cause showing by the Commission in any order extending the initial time frame. 8. In the unlikely event the Commission concludes that not all of the statutory requirements for the deregulation of either the business or residential telecommunication services has been met in one or more of the subject exchanges, SWBT requests the Commission treat the application as severable and grant SWBT's request as to those remaining exchanges or types of service in the cited exchanges for which price deregulation is sought that satisfy the statutory standards of K.S.A. 2007 Supp. 66-2005(q)(1)(C) and (D).

In some rare instances, dialing \*228 may alter your Calling Plan's Airtime Rate and Coverage Area. The accuracy of the roaming indicator on your phone cannot be guaranteed. Charges for calls will be based on the cell sites used and time of day at the telephone switching office that carries your call, which may be different than the time of day shown on your phone. Rates do not apply to credit card or operator-assisted calls, which may be required in certain areas. Usage rounded up to next full minute. Unused allowance minutes lost. Charges start when you first press **SEND** or the call connects to a network on outgoing calls, and when the call connects to a network (which may be before it rings) on incoming calls. Time may end several seconds after you press **END** or the call otherwise disconnects. For calls made on our network, we only bill for calls that connect (which includes calls answered by machines). Calls to 'toll-free' numbers are toll-free; you will be billed airtime. Billing for airtime and related charges may sometimes be delayed. Delayed airtime will be applied against the included airtime for the month when you actually made or received the call, even though such charges may show up on a later bill. This may result in charges higher than you'd expect in the later month.

**Unlimited Calling Plan**

Plans are not eligible for monthly access discounts. Anytime minutes are for live calls between individuals.

**Family SharePlan**

Minimum of two lines required. Maximum of five lines. Only one line is the primary line. All lines must be activated on the same billing account and in the same market.

**National IN Calling**

You can talk with any of our customers anytime from within the America's and North America's Choice (in the United States and Puerto Rico) Rate and Coverage Area. If Caller ID is not present or Caller ID Block is initiated, National IN Calling does not apply to incoming calls and will apply to outgoing calls only. National IN Calling is not available to customers whose wireless exchange restricts the delivery of Caller ID or with fixed wireless devices with usage substantially from a single cell site. National IN Calling does not apply if Call Forwarding or No Answer/Busy Transfer features are activated or to data usage, including Push to Talk calls, Picture Messaging or Video Messaging, calls to check your Voice Mail and calls to Verizon Wireless customers using any of the VZGlobal services. National IN Calling does not apply in those areas of Louisiana and Mississippi where your phone's roaming indicator flashes.

**Internet Access**

Mobile Office Kits, PC Cards, PDAs or other wireless modem devices may not be used for Internet access without a subscription to select VZEmail or VZAccess plans.

**Connecticut Customers:** If you have any questions about your bill or concerns about your service, please call Customer Care at: 1-800-922-0204 or dial \*611 from your wireless phone. If you are a Connecticut customer and we cannot resolve your issue, you have the option of contacting the Department of Public Utility Control (DPUC): Online: [www.state.ct.us/dpuc](http://www.state.ct.us/dpuc) Phone: 866-381-2355; Mail: Connecticut DPUC, 10 Franklin Square, New Britain, CT 06051.
