In the matter of a Compliance Agreement) Docket No. 21-CONS-3017-CMSC
between Running Foxes Petroleum, Inc.)
(Operator) and Commission Staff regarding) CONSERVATION DIVISION
bringing 27 wells into compliance with K.A.R.)
82-3-111.) License No. 33397

ORDER APPROVING ADDITION OF WELL

For the reasons described below, the Commission adds the Gregg #3-33B well (Subject Well) to Operator’s Compliance Agreement.

On October 22, 2024, Commission Staff filed a Status Update in this docket. The Commission notes: (1) the Compliance Agreement presently addresses 74 wells, requiring Operator to obtain compliance with K.A.R. 82-3-111 at a rate of three wells per quarter (the first deadline was September 30, 2020); (2) Operator has to date brought 50 wells into compliance with K.A.R. 82-3-111, and adding the Subject Well will bring Operator into compliance with the Compliance Agreement;¹ (3) Staff recommends adding the Subject Well to the Compliance Agreement which does not change the final compliance deadline; and (4) the addition and extension are allowed under the terms of the Compliance Agreement.²

The Commission agrees with Staff’s analysis. The Compliance Agreement is amended to include the Subject Well.

¹ As noted in Staff’s Status Update, the Subject Well was recently plugged, and Operator and Staff were in communication regarding adding the well to the Compliance Agreement prior to its plugging.

² See Status Update (Oct. 22, 2024); K.A.R. 82-1-230(h) (the Commission may take administrative notice of its files and records); see also Order Approving Compliance Agreement, at Attachment A (July 21, 2020).

BY THE COMMISSION IT IS SO ORDERED.
