RE: Roadside Driver/Vehicle Examination Report No. KSHP02550510

Dear Sir or Madam:

I represent Beloit Feeders, formerly Solomon Valley Feeders, and Joe Ludwig, the manager of Beloit Feeders. This letter is written to challenge the fines imposed in the above referenced report.

The VIN number referenced in the report is for a truck owned and driven on the day of the alleged violations belonged to Josh Long of Beloit, Kansas. It was not and is not a commercial vehicle. The vehicle was pulling a trailer belonging to Joe Ludwig, which is likewise not a commercial vehicle. The vehicle was hauling pipe to be used for farm purposes and not for commercial purposes. As a result, it is submitted that the invoice requesting payment of \$850 was wrongfully issued. Accordingly, I request on behalf of my clients that this challenge be granted and that the invoice be set aside.

Thank you in advance for your anticipated cooperation.

Yours very truly,

Darrell E. Miller
