Re: Staff Compliance with Docket No. 20-CONS-3219-CMSC

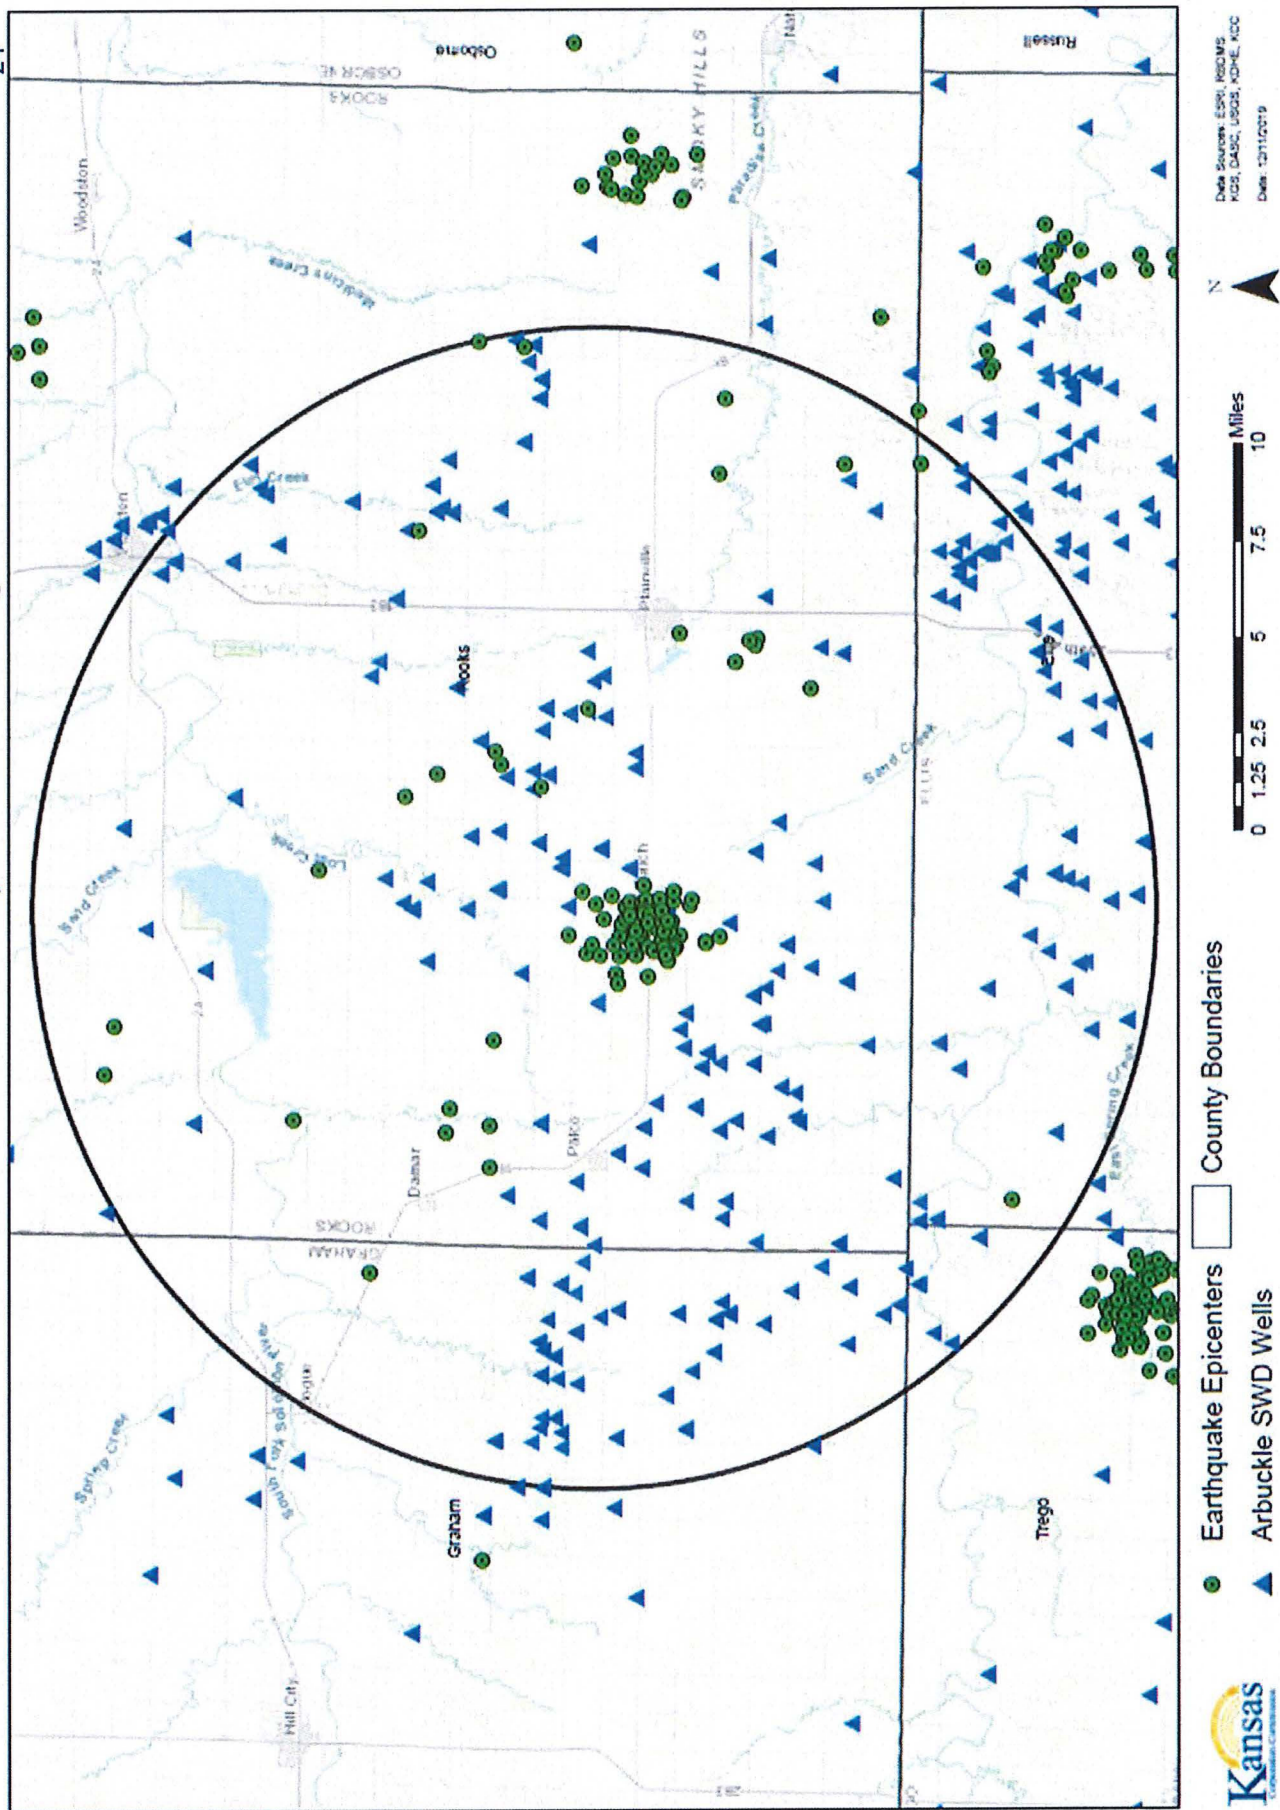

On February 6, 2020, the Kansas Corporation Commission (KCC or Commission) issued an Order in this docket directing staff to “file data visually depicting the 15-mile radius within seven days of the issuance of this order.” The data is included on the attached exhibits.

Exhibit A contains a map presented to the Commission during a Staff presentation at the January 30, 2020 Business Meeting. This map illustrates the 15-mile search radius around the earthquake activity in Rooks County, Kansas and surrounding areas from January 1, 2016 through December 11, 2019. There is a key on the map labeling each symbol as follows: earthquakes are depicted as green dots and Class II Arbuckle formation saltwater disposal wells are depicted as blue triangles.

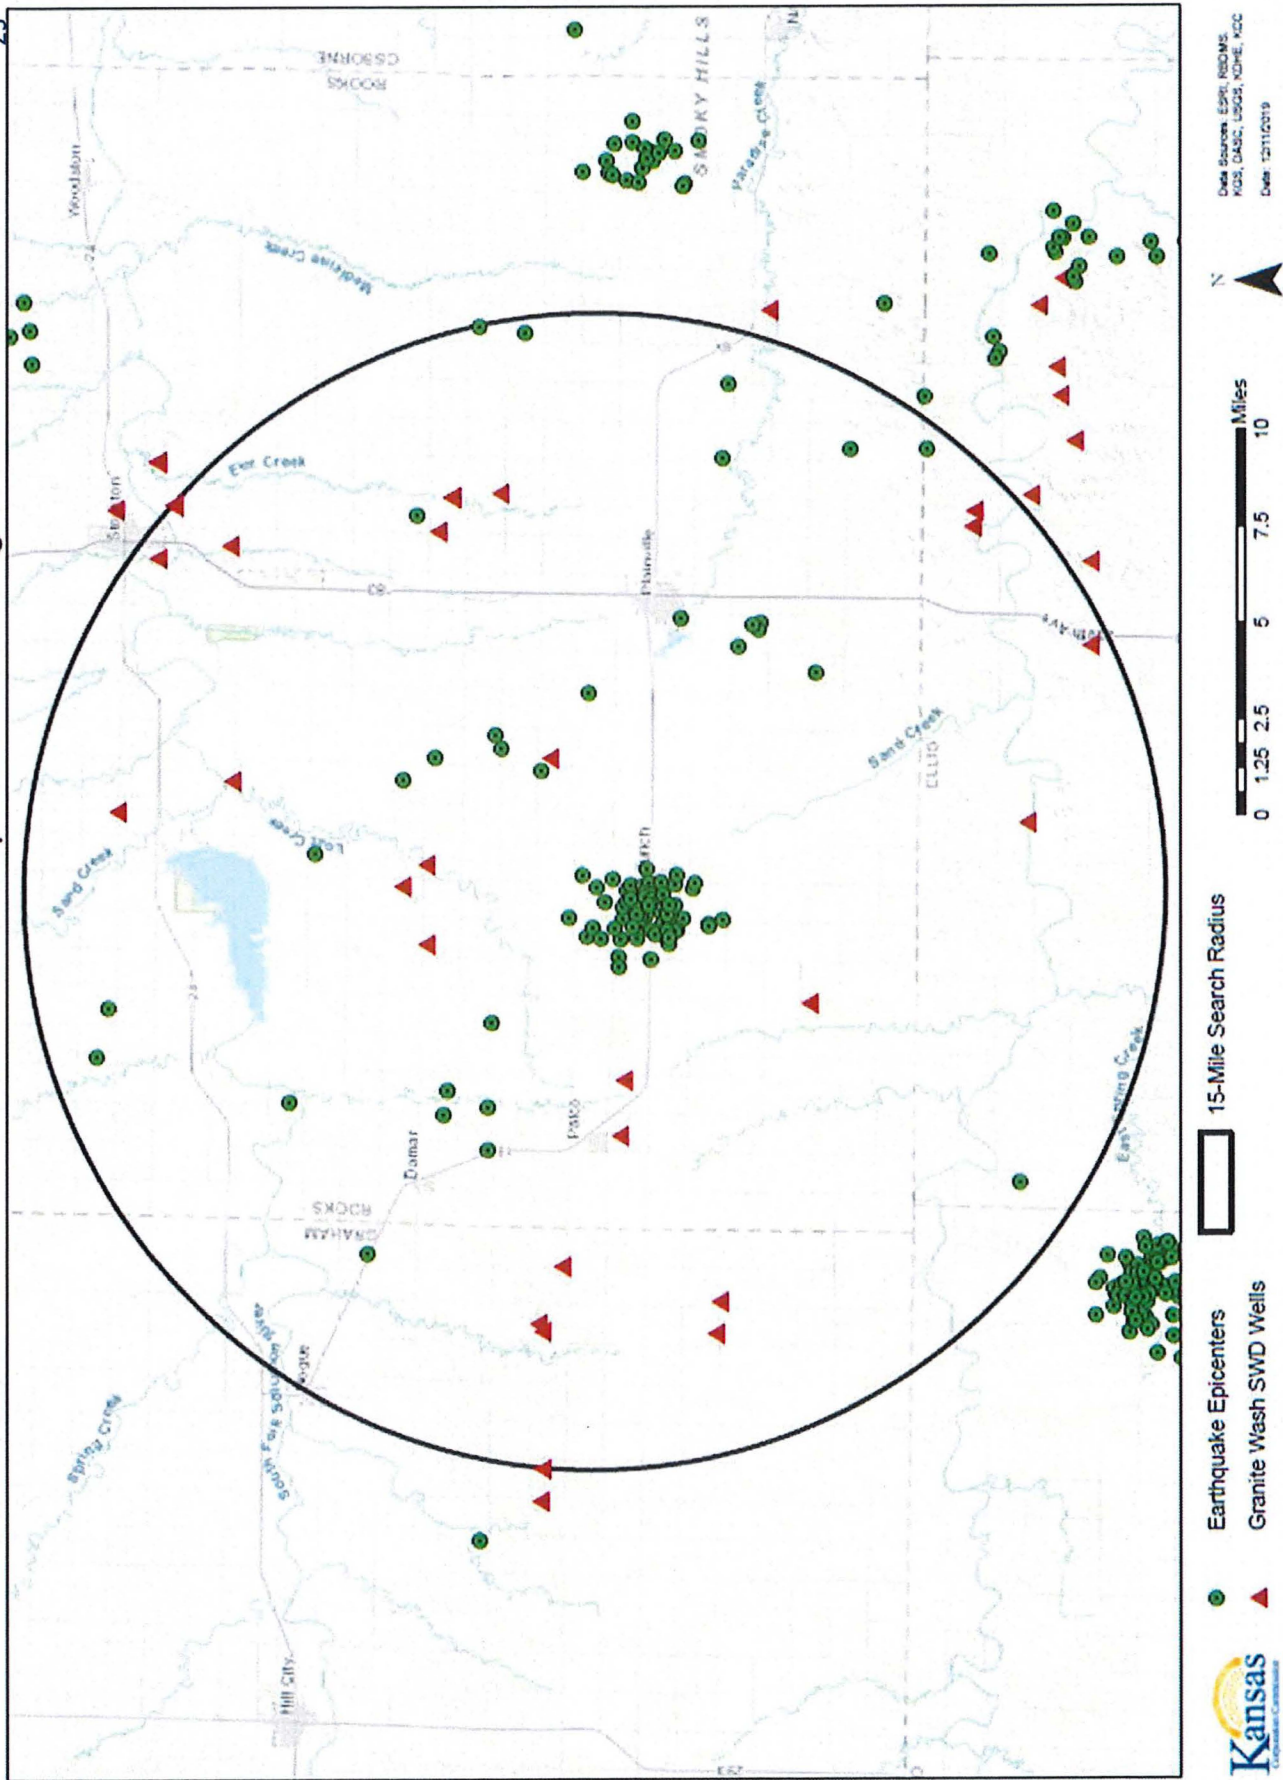

Exhibit B contains a similar map; however, this map has red triangles instead of blue. The red triangles represent the Class II saltwater disposal wells that are drilled into the Granite Wash formation below the Arbuckle formation.

Arbuckle SWD Wells and All Earthquakes Occurring from 2016-2019

24

Granite Wash SWD Wells and All Earthquakes Occurring from 2016 - 2019

CERTIFICATE OF SERVICE

20-CONS-3219-CINV

I, the undersigned, certify that a true copy of the attached Notice of Filing of Visual Data has been served to the following by means of first class mail and electronic service on February 12, 2020.
