RE: Docket No. 09-WLDT-1077-COC
In the Matter of the Application of Wildflower Telecommunications, LLC for a
Certificate of Convenience and Authority to Provide Interexchange Carrier
Services and Operator Services Within the State of Kansas.

BACKGROUND:

On June 2, 2008, Wildflower Telecommunications, LLC applied for Certification to provide Interexchange Carrier Services and Operator Services Within the State of Kansas.

ANALYSIS:

Wildflower Telecommunications, LLC is a Kansas corporation and was properly registered with the Kansas Secretary of State's office on February 10, 2006. They are currently "active and in good standing" with the Secretary's office.

The applicant proposes to provide long distance, toll telecommunications services, and resold operator services as authorized via facilities based equipment and resold services via interconnection agreements within the state of Kansas.

Staff has reviewed the application and tariffs and to the extent that the Company's presence in Kansas would increase the consumer's options, Staff believes the general public would benefit from Commission approval of this application.

RECOMMENDATION:

Staff recommends approval of Wildflower Telecommunications, LLC's application to provide Interexchange Carrier Services and Operator Services Within the State of Kansas. The company is reminded to notify the Commission immediately of any change in address or contact telephone numbers; file timely annual reports; maintain current registration with the Kansas Secretary of State's Office; and, pay all Commission and Kansas Universal Service Fund assessments in a timely manner.
