

**THE STATE CORPORATION COMMISSION  
OF THE STATE OF KANSAS**

Before Commissioners: Susan K. Duffy, Chair  
Shari Feist Albrecht  
Dwight D. Keen

In the Matter of the Application of )  
Home Filing Tariff Revisions to its ) Docket No. 20-HOMT-313-TAR  
Federal Lifeline Support. )

**ORDER APPROVING TARIFF REVISIONS**

The above-captioned matter comes before the State Corporation Commission of the State of Kansas (Commission) for consideration and determination. Having examined its files and record, and being duly advised in the premises, the Commission finds and concludes as follows:

1. On January 22, 2020, Home Telephone Company (Home) filed a request to revise its General Exchange Tariff to change language to standardize its Lifeline Service Program consistent with the Federal Communications Commission (FCC) decision in its *2016 Lifeline Order*.<sup>1</sup> Home filed a replacement tariff for Section 3, 3rd Revised Sheet 2 and 2nd Revised Sheet 3, effective, February 21, 2020.

2. K.S.A. 66-1, 190 requires that telecommunications public utilities doing business in Kansas shall:

... publish and file with the commission copies of all schedules of rates, joint rates, tolls, charges, classifications and divisions of rates affecting Kansas traffic, either state or interstate, and shall furnish the commission copies of all rules and regulations and contracts between such telecommunications public utilities pertaining to any and all jurisdictional services to be rendered by such telecommunications public utilities.

---

<sup>1</sup> *In the Matter of Lifeline and Link Up Reform and Modernization*, WC Docket No 11-42, Third Report and Order, Further Report and Order, and Order on Reconsideration, Rel. April 27, 2016 ("*2016 Lifeline Order*").

The Commission derives its authority to review Local Exchange Carrier tariffs from K.S.A. 66-117(d), which states in part:

Except as provided in subsection (c), no change shall be made in any rate, toll, charge, classification or schedule of charges or joint rates, or in any rule or regulation or practice pertaining to the service or rates of any such public utility or common carrier, without the consent of the commission.

3. The Commission maintains authority to require telecommunications public utilities to maintain rates that are not unjust or unreasonably discriminatory.<sup>2</sup> Accordingly, the Commission conducts its investigation regarding the reasonableness of Home's request to modify tariff language to permit generic changes for further action taken by the FCC under the *2016 Lifeline Order*.

4. The Commission Staff (Staff) issued a Report and Recommendation dated January 30, 2020, advising the Commission to grant the tariff revisions proposed by Home to standardize language in its General Exchange Tariff for its Lifeline Service Program. Staff notes the tariff revisions will have only a minimal impact on annual regulated revenue.

5. The Commission adopts Staff's analysis and recommendations of January 30, 2020, as stated in the Report and Recommendation, which is attached hereto and made a part hereof by reference, and finds that the Home request should be granted. In conjunction with the request, Home has provided replacement tariff revisions to be placed in effect February 21, 2020, which the Commission authorizes with the issuance of this Order.

**IT IS, THEREFORE, BY THE COMMISSION ORDERED THAT:**

A. The Home Telephone Company request filed in this matter on January 22, 2020, is hereby granted with the effective tariff date occurring on February 21, 2020.

---

<sup>2</sup> K.S.A. 66-1,189.

B. Any party may file and serve a petition for reconsideration pursuant to the requirements and time limits established by K.S.A. 77-529 (a) (1).<sup>3</sup>

C. The Commission retains jurisdiction over the subject matter and the parties for the purpose of entering such further order, or orders, as it may deem necessary.

**BY THE COMMISSION IT IS SO ORDERED.**

Duffy, Chair; Albrecht, Commissioner; Keen, Commissioner

Dated: 02/13/2020

**REPORT AND RECOMMENDATION  
UTILITIES DIVISION**

**TO:** Chair Susan K. Duffy  
Commissioner Shari Feist Albrecht  
Commissioner Dwight D. Keen

**FROM:** Kelly Mabon, Senior Telecommunications Analyst  
Christine Aarnes, Chief of Telecommunications  
Jeff McClanahan, Director of Utilities

**DATE:** January 30, 2020

**SUBJECT:** Docket No. 20-HOMT-313-TAR  
In the Matter of Home Filing Tariff Revisions to its Federal Lifeline Support

**EXECUTIVE SUMMARY:**

On January 22, 2020, Home Telephone Company (Home) filed a request to make tariff revisions to a certain section of its General Exchange Tariff changing the verbiage to a standardized generic wording for the Company's Lifeline offering.

The Commission action date is Tuesday, **February 21, 2020**.

**BACKGROUND:**

On April 27, 2016, the FCC released the *2016 Lifeline Order*<sup>1</sup> in which it determined it must modernize the federal Lifeline program so that it can play an essential role in helping low-income Americans that most need access to broadband services.

The *2016 Lifeline Order* also provided a requirement that minimum service standards adjust every year in December on a phased-in basis. The phase-in allows for increased emphasis on supporting broadband each year with a decreased emphasis on voice services. To alleviate multiple filings by the Company, Staff recommended the Company file generic wording referencing where the most recent FCC rules may be obtained, eliminating the need for annual updates to change the rules.

<sup>1</sup> *In the Matter of Lifeline and Link Up Reform and Modernization*, WC Docket No 11-42, Third Report and Order, Further Report and Order, and Order on Reconsideration, Rel. April 27, 2016 ("*2016 Lifeline Order*").

## ANALYSIS:

The Commission derives its authority to review Local Exchange Carrier tariffs from K.S.A. 66-117(d), which states in part:

(d) Except as provided in subsection (c), no change shall be made in any rate, toll, charge, classification or schedule of charges or joint rates, or in any rule or regulation or practice pertaining to the service or rates of any such public utility or common carrier, without the consent of the commission.

In addition, K.S.A. 66-1,190 requires every public utility doing business in Kansas over which the Commission has control shall publish and file with the Commission copies of all schedules of rates, joint rates, tolls, charges, classifications and divisions of rates affecting Kansas traffic, either state or interstate. The Commission has the power to prescribe reasonable rules and regulations regarding the form and filing of all schedules, tariffs and classifications of all rates, joint rates, tolls and charges, and all rules and regulations of such telecommunications public utilities as the Commission determines reasonable and appropriate.

The KCC must review rates and terms for jurisdictional telecommunications services to ensure they are “just and reasonable” pursuant to K.S.A. 66-1,189. Further, K.S.A. 66-1,189 requires the KCC to ensure that all classifications, rules, and regulations regarding the services are not unduly discriminatory or preferential.

Because telecommunications providers must constantly adapt to consumer needs, the KCC determined in Docket No. 04-GIMT-1080-GIT that rate changes made by telecommunications providers would not be audited for their justness and reasonableness unless the changes result in the provider receiving “materially greater revenue” than its rate-of-return would necessitate.<sup>2</sup>

This filing makes changes to Section 3 of the tariff, pages 2 and 3. The change is as follows:

- Removes the specific Lifeline rules effective December 1, 2019, and refers to where the specific FCC rules applicable at the time may be found.

---

<sup>2</sup> Prior to 2004, if a rate of return carrier asked for an increase in revenue outside a rate case, the Commission policy was to adjust the amount received for an increased rate by a corresponding decrease in draw from the KUSF, pursuant to K.S.A. 66-2005(d). However, in *Rural Telephone Service Co. v. Kansas Corporation Commission*, 31 Kan. App. 2d 760, 72 P.3d 937 (2003), the Kansas Court of Appeals held that the Commission did not have statutory authority to reduce Rural's KUSF distribution in response to increased revenue from modifications to tariff filings (Docket No. 02-RRLT-875-TAR). The Court reversed the Order reducing Rural's KUSF support, but it remanded the matter to enable the Commission to determine the reasonableness of the proposed tariff changes in light of the Court's decision to disallow a contemporaneous reduction of KUSF support, 31 Kan. App. 2d at 770. On June 4, 2004, the Commission opened a generic docket to address Staff's proposal to address tariff increases between KUSF audits. In an Order dated September 28, 2004, in that Docket (04-GIMT-1080-GIT), the Commission stated, “Staff will continue to conduct an individual evaluation of any proposed tariff revision made by a rate-of-return regulated company affecting its revenues to determine the reasonableness of the proposed rates . . . if Staff evaluates information indicating that a rate-of-return regulated carriers is receiving materially greater revenue than its authorized cost recovery and rate of return would necessitate, the Commission will consider whether to conduct an audit.”

The change to the Federal Lifeline rules may increase the revenue paid by the consumer but will not significantly change the overall amount of revenue received by the Company. Therefore, the annual regulated revenue impact will be minimal.

Staff has reviewed the filing and does not have any concerns.

**RECOMMENDATION:**

Staff recommends the Commission approve the replacement tariff sheet provided by Home. The change that was provided in the new tariff sheet is due to changes to the federal Lifeline program by the FCC. The change that the Company filed references the federal requirements generically and is less costly to the Company. This generic wording alleviates the need for annual updates, and therefore; reduces the cost passed through to the ratepayer and is in the public interest. The Company requests an effective date of February 21, 2020.

**CERTIFICATE OF SERVICE**
