AMENDMENT TO APPLICATION

The Empire District Electric Company ("Liberty-Empire") submits the following amendment to its Application.

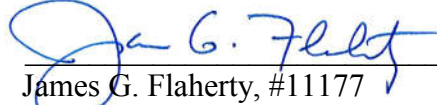

1. On May 4, 2020, Liberty-Empire filed an Application for approval of temporary waivers of certain of Liberty-Empire's tariffs and for approval of a process to implement temporary waivers of certain other rules and regulations, billing standards, general terms and conditions and to allow operating changes to address the COVID-19 pandemic ("Application").

2. As part of its Application, Liberty-Empire requested approval of a tariff providing for a bill credit to any customer that uses a credit card or debit card to pay the customer's electric bill on-line. The proposed tariff was attached to the Application as Exhibit C. Liberty-Empire wishes to amend its Application to replace Exhibit C with an amended Exhibit C attached to this Amendment to the Application. Amended Exhibit C corrects the amount of the credit to reflect the current third-party charges relating to credit/debit card payments. The corrected credits are \$2.25 for residential customers and \$13.00 for commercial customers.¹

¹Liberty-Empire discovered its tariff that sets forth the third-party charges for using credit/debit cards needs to be updated to reflect the current charge that customers pay the third-party for using a credit/debit card to pay their Liberty-Empire electric bills. The current charge is \$2.25 for residential customers and \$13.00 for commercial customers. Liberty-Empire is filing a separate application requesting approval to update the third-party charges relating to credit/debit card payments.

3. The other requests included in the Application remain unchanged.

WHEREFORE, Liberty-Empire requests that the Commission issue an order approving its Application as amended.
